

Home Page or Login Page

If we enter wrong credentials, it will display a message as Invalid Credentials.

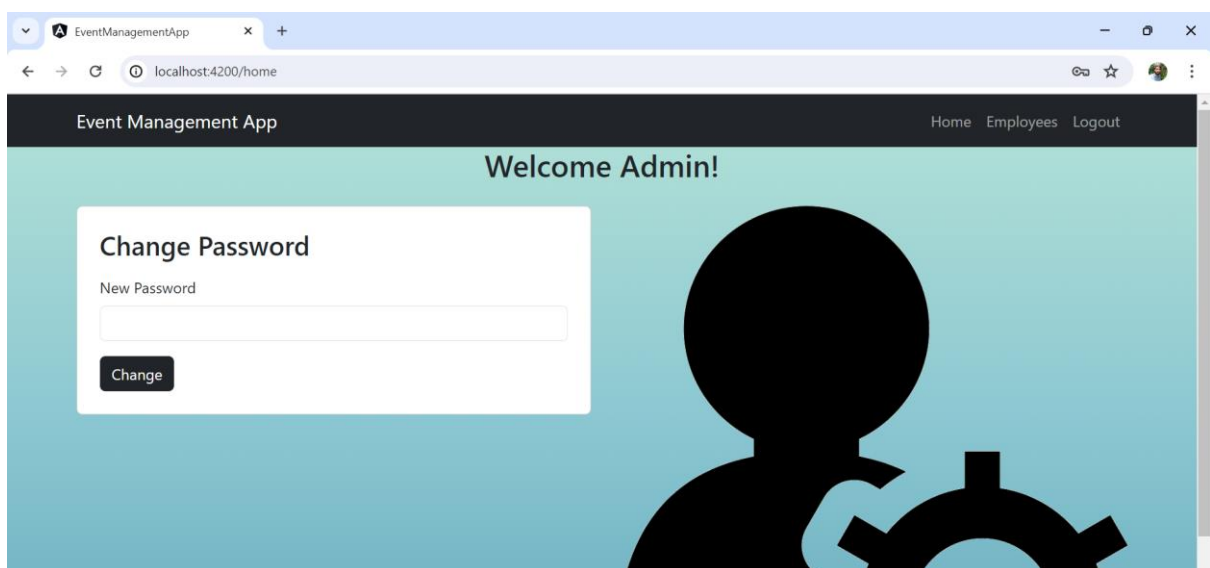

Admin Details:

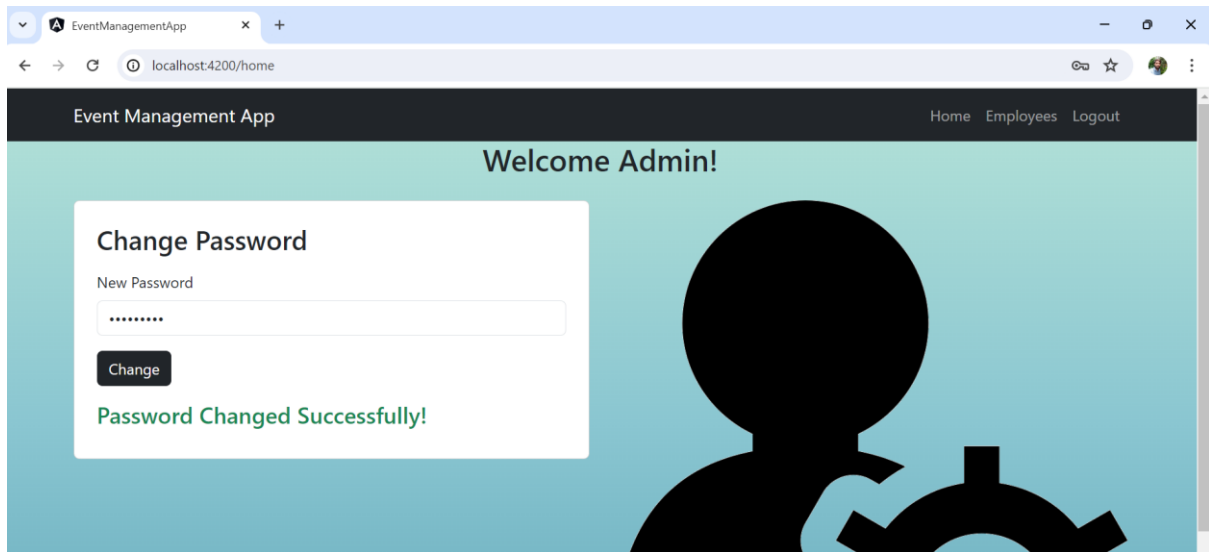

```
{  
  "admin": {  
    "email": "madan816@gmail.com",  
    "password": "M@816",  
    "loggedIn": false  
  },  
}
```

After successful login it asks to change password and its optional.

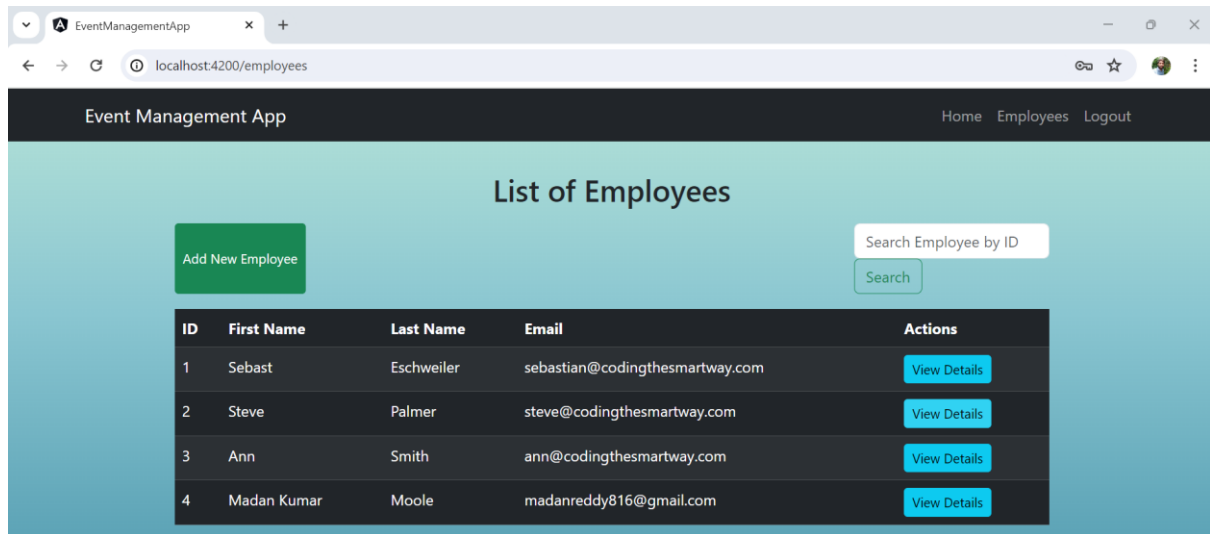

After successful password change.

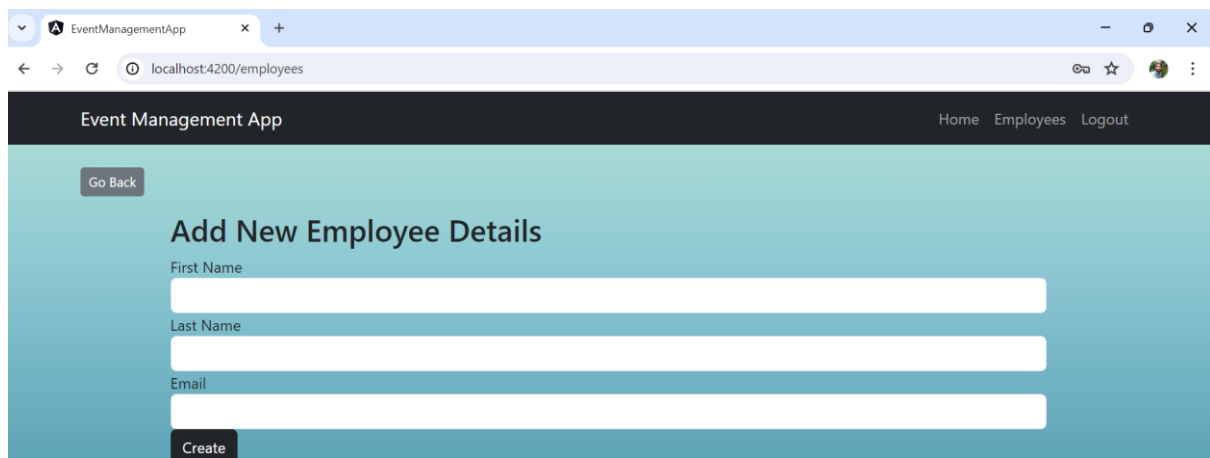

Credentials after password change

```
{  
  "admin": {  
    "email": "madan816@gmail.com",  
    "password": "Madan@816",  
    "loggedIn": true  
  },  
}
```

This is employees Home Page with Predefined Employees.

Adding an Employee to the Table:

## Adding Employee Details:

The screenshot shows a web browser window with the URL `localhost:4200/employees`. The page title is "Event Management App". The navigation bar includes "Home", "Employees", and "Logout". The main content area has a "Go Back" button and a heading "Add New Employee Details". Below the heading are three input fields: "First Name" (containing "Ramesh"), "Last Name" (containing "Kanna"), and "Email" (containing "RameshKanna@gmail.com"). A "Create" button is at the bottom.

Last Name  
Kanna

Email  
RameshKanna@gmail.com

Create

Employee Added Successfully message has been displayed.

The screenshot shows the same web browser window. The page title is "Event Management App". The navigation bar includes "Home", "Employees", and "Logout". The main content area has a green heading "Employee Added Successfully!" and a sub-heading "List of Employees". On the left is a green "Add New Employee" button. On the right is a search bar with the placeholder "Search Employee by ID" and a "Search" button. Below these is a table with 5 columns: "ID", "First Name", "Last Name", "Email", and "Actions". The table contains 4 rows of employee data. Each row has a "View Details" button in the "Actions" column.
